1854

Mrs Webb had a letter yesterday from Miss Martineau, Miss Martineau favorite niece, who accompanied her aunt during her tour in Poland, and was our guest at that time. A very pleasing & amiable person she is. She informed us by the information that her aunt is suffering from a head complaint and that the Continent which of late had encreased in which she has is most useful for her. We had a ~~little~~ long & pleasant letter from Miss M. about 2 weeks ago in which she speaks of poor H. health — but says nothing of recent sufferings or apprehensions.

We would be very glad to hear how to measure particulars of your dear Uncles health, and how the rest of the travellers who then was country. We have good accounts from the Cliffs of our two sons. He is about to return home — he longs for home life and dislikes the rugged blustering, money seeking profanity of the land of Gold — With kind regards to Lilly & the Gentleman I am

Yours ever truly

Mark Webb
